

## CMC/CSC Review

September 25, 2017

*Providence Willamette Falls  
Community Center*

519 15th St

Oregon City, OR 97045

### Program Description

This fast paced 1-day course prepares nurses to take the CMC® or CSC® examination administered by the American Association of Critical Care Nurses. The class is structured according to the AACN Examination Blueprint. The CMC certification is geared toward nurses working in cardiac critical care areas. The CSC certification is offered to nurses working in cardiac surgery critical care units

### Course Faculty

This course will be presented by Nicole Kupchik RN, MN, CCNS, CCRN, PCCN Seattle, Washington Nicole Kupchik has been a Critical Care RN for over 20 years. In 2002, she was part of a team that was one of the first hospitals in the U.S. to implement Therapeutic Hypothermia after Cardiac Arrest. Nicole wrote protocols and published numerous papers on the success of this therapy. Nicole finds her passion as a nurse educator and arms them with tools to create safe work and practice environments. Her casual style sets a tone for a relaxed, fun, & interactive learning environment. She believes every critical care & progressive care nurse should be certified in their specialty area.
